The Mechanical Contractors Association of Houston was chartered in 1950, to promote the mechanical contracting industry and to foster the exchange of ideas, technical data and business information between it's members.

MCA provides an organized and efficient means to represent it's members in communicating with other contractor associations, awarding authorities and local, state and federal elected officials and regulatory agencies. We are the leading voice of the industry in negotiations and ongoing relations with the Plumbers and Pipe Fitters unions.

The Association offers monthly lunch meetings with mechanical contractor firms, discussing industry activity, problems and solutions. We meet at the Houston Engineering and Scientific Society (HESS), 5430 Westheimer, at noon, on the second Wednesday of each month to have lunch and talk about issues and business. We also host a periodic meeting with our Associate members and other guests to consider issues and topics relevant to the Houston mechanical contracting industry .

Your MCA membership affords you an invitation to become a member in the MCA of Texas and the Mechanical Contractors Association of America, which makes available to you these resources:

- ✓ Labor Estimations Manual
- ✓ Management Methods Manual
- ✓ Job Supervisors Manual.
- ✓ Annual Statistical Survey Report,
- ✓ Project Managers Manual and

These are just a sample of the information and publications available to you as a member. There are many more giving you, the mechanical contractor, the most complete and extensive library of information possible!

MCAA is the education association - Throughout the year we sponsor locally MCAA's exceptional training seminars, custom developed for the mechanical construction and service industry, including:

- ✓ NEI - Fundamentals of Project Management and Advanced Supervisory Education seminars,
- ✓ Institute for Project Management,
- ✓ Advanced Leadership Institute,
- ✓ Service Seminar Series.
